President's Report

THE IMPACT OF GIVING

2016-17
Our Mission
Regis Jesuit High School—a Catholic educational community—engages the gifts of young men and women in a single-gender environment, fosters faith in Jesus Christ and promotes justice and mercy, develops critical minds and nurtures compassionate hearts to serve others—all for the greater glory of God.

Regis Jesuit High School celebrates 140 years of Jesuit education.
A TRADITION OF GRATITUDE
MESSAGE FROM THE PRESIDENT

This year we present a new tradition—the President’s Report—in which we express our gratitude for the gifts our community has shared with us in the past year, and to convey the impact of this generosity on the enduring mission of Regis Jesuit High School.

While it is certainly true that our combined efforts deliver a high quality academic preparation for our students, anyone associated with Regis Jesuit knows that this is only part of the story. More accurately, our mission is formation through a holistic and Christ-centered experience.

We were reminded by our global Jesuit leadership this year that our shared mission is to ‘form men and women committed to reconciliation with God, humanity and creation, so that they may be able to confront obstacles to reconciliation, and propose solutions.’ In doing so, together we animate the Ignatian vision.

There are so many practical examples of how your support enables us to animate the Ignatian vision. I’d like to highlight a few and express my gratitude here.

There is perhaps no greater sign of the appeal of this mission than our (over) full enrollment which continues to test our capacity! We are humbled by this interest and belief in Regis Jesuit.

Support we received in the past year has enabled us to invest in the excellence of our faculty and of our student body by strengthening our competitiveness in compensation, and by strengthening and diversifying our reach with financial aid. In addition, we have been able to invest in innovation as we enrich our programming with more project-based learning across disciplines, critical thinking, communication, and creative problem-solving—the foundational elements of science, technology, engineering, arts and mathematics (STEAM).

And perhaps our most exciting accomplishment was the acquisition of 18 additional acres, which has inspired our campus master planning. Our priorities are to renew and create new STEAM and athletics facilities—all part of a vibrant, holistic education. We need to look no further than the impact of the Steele Center to imagine what further investment and innovation can provide to the formation of our students. Your support is generating excitement and vision for Regis Jesuit.

THANK YOU!

Inside this report, you will see the RJ community of literally thousands of people, alumni, parents, friends and donors, who join with us in animating the Ignatian vision—forming problem solvers for the world of tomorrow, all for the greater glory of God.

With sincere humility and gratitude,

David Card ’87
President

To be true to our mission and prepare our graduates for the world in which they will live, work and serve, a Regis Jesuit education must be accessible to a diverse range of families—ethnically, economically and geographically. The Schmitz Family Foundation of Denver is one of our community partners that shares this mission. The Schmitzes are passionate about giving a hand up to hardworking families who desire a faith-based education for their children, but due to financial limitations, find the opportunity out of reach.

Regis Jesuit pride and legacy run deep for the Schmitz Family who knows firsthand the life-long impact of a values-based, Jesuit education. The late Vincent Schmitz ’44, founder of the foundation, graduated from Regis Jesuit along with his seven brothers. Two of Vince and Marilyn’s children, Marty ’75 and Rick ’81, attended Regis Jesuit, as well as 11 of their grandchildren! So when considering where the family wanted to make a life-changing impact, Regis Jesuit students were top of mind for their philanthropic goals. “We have been funding scholarship students at Regis Jesuit for 16 years!” said Annie McBournie, daughter of Vince and Marilyn and parent of Adam ’15 and Noah ’17. “The tradition of excellence in all facets of the student experience has always been a wonderful attribute of Regis Jesuit. Funding financial aid ensures Raiders today and tomorrow have the chance to experience outstanding education and tradition.”

Annie, who serves as president of the foundation, is not only inspired by her family’s legacy of charity, but by the call to serve others, another value that Regis Jesuit and the Schmitz Family Foundation share. “Students graduate from Regis Jesuit with a great sense of community and purpose,” said McBournie. “Understanding others is the best education we can give to our youth, and service creates opportunity for bringing together a diverse community with a deep appreciation for each other.”

Over their 16 years of giving to Regis Jesuit, the Schmitz Family Foundation has awarded more than 170 scholarships totaling approximately a half a million dollars. It brings them great fulfillment knowing that many of these students will go forth, educate their own children and make a difference in this world. “It has been personally fulfilling to know that a little hand up and a solid education changes lives every day,” notes McBournie.

Ensuring that all qualified students are able to enroll and continue at Regis Jesuit regardless of financial circumstances is a priority of the school’s mission and strategic plan. As Regis Jesuit grows the number of students currently served by financial aid from 25% to 33% over the next four years, it is critical now more than ever before that our community share in this transformative vision. Regis Jesuit is grateful to the Schmitz Family Foundation and all donors who support financial aid at the school and believe our students are a worthy investment.

“If I could read, I’d be a millionaire.’ Since my grandfather spoke those words, they have shaped how education is viewed by my family. In our home, education is second only to faith. By God’s grace and with inexpressible gratitude for the financial support we receive, our children grow daily in faith and education. Regis Jesuit and the generosity of its supporters, like the Schmitz Family Foundation, made the many dreams of my grandfather, the reality of my children. Thank you and May God continue to bless you all!”

– Leondray & Jenny Gholston, Parents of Avery ’15, Joseph ’17, Quincy ’13 and Ramses ’20

LOYALTY GIVING SOCIETIES
Loyal donors are the cornerstone of Regis Jesuit High School’s success, providing the means by which we can carry out our mission of educating our students as Men and Women with and for Others year after year. Membership is not based on a giving amount, but instead on consecutive yearly giving.

Donor Recognition

Every Gift Counts!
For the 2016-17 fiscal year, financial gifts of $100 or less totaled more than $190,000!
PARTICIPATION

Regis Jesuit values donor participation. Participation is based on financial and in-kind gifts made within the fiscal year, which runs from July 1 to June 30.

DONOR PARTICIPATION

“Why donate more than the tuition? We believe the value our children receive is much greater than the tuition cost. We don’t want RJ to just exist, but to thrive and grow. As parents, it is our responsibility (and joy) to make sure that the RJ community has the resources to accomplish its mission and reach as many families as possible for as long as possible.”

I would like to say 'thank you' to all who made my introduction to the 'new' high school campus so memorable during my 50th Class Reunion. “Young, energetic and creative—Mr. Dvorak modified his original plan and created a semester curriculum that is relevant to current events. He designed the entire physics semester around Hurricane Harvey and how the students could develop a device to deliver aid to flood victims, all while incorporating the required physics principals into the class. That is significantly different than just teaching out of the book!”

“...It is fun...fun to see and meet friends, and fun to watch RJ students. Most importantly, it is inspiring to be part of a community committed to serving and living lives of integrity.”

– Brian and Cathy Fleischmann, Parents of Jack ’16

† Deceased
Father-son alums, John ’76 and Ryan ’12 Sheridan, not only share a deep appreciation for their alma mater, Regis Jesuit, they also share a unique approach to problem-solving and learn and think differently than most. Both John and Ryan have learning differences that can prove to be very challenging in a rigorous, academic environment. Unfortunately for John, his learning issues went unaddressed during his time at Regis Jesuit and later in college. “I struggled during my educational years and had to learn how to problem-solve differently,” he recalled.

So in 2008, when Ryan started at Regis Jesuit, John was inspired to help his son and others achieve academic and personal success with the right support and tools. The Sheridans became transformational donors to Regis Jesuit’s Learning Services Program, helping to continue to build and grow it into the successful program it is today. “With the support of administration, the generosity of donors and passionate professionals like Tami Hogan and Christine Oliver, the Learning Services Program continues to position students for success, not only in high school, but college and beyond,” said John.

Ryan noted, “Ms. Hogan gave me perspective when evaluating my workload and better prepared me for future academic challenges. Through her assistance and additional accommodations provided by Learning Services, I became confident in my coursework, found myself participating more in the classroom and was better engaged in my independent studies.”

By determining his strengths and weaknesses and knowing his best study habits at an early age, Ryan was able to advocate for himself and identify colleges that met his specific learning needs. “I desired a college with a rigorous, academic business workload that offered small class sizes where I could receive direct professor feedback and pursue topics of great interest,” said Ryan. “Throughout my time at Gonzaga University and even in my career today, I am constantly applying the learning and problem-solving skills I first formed at Regis Jesuit.”

For John, watching his son not only graduate from his alma mater, but also from Gonzaga University is reassurance that Regis Jesuit continues its dedication to the Jesuit tenet of cura personalis—the care of the individual. “Regis Jesuit is committed to meeting individuals where they are and providing them the foundation to achieve success, even if that looks different for every student,” said John.

As an alum, donor, parent of a graduate and past Board Chair for Regis Jesuit, John is most proud of helping to advance the Learning Services Program, as well as the development of the Steele Center Student Commons—a central place on campus where both boys and girls can come together to collaborate and socialize. Currently, 12% of the Regis Jesuit student body is diagnosed with learning differences, including reading disorders, math disorders, disorders of written expression, ADHD, Asperger’s and physical disabilities. Regis Jesuit is grateful to the Sheridan family and the many donors who help to ensure a holistic educational experience that honors the dignity and uniqueness every Raider student.

Through the generosity of an anonymous donor, any gift designated to the Inspire & Ignite Fund’s Holistic Education priority before December 31, 2017, will help us fulfill a dollar-for-dollar donor match for Learning Services.

“Regis Jesuit is committed to meeting individuals where they are and providing them the foundation to achieve success, even if that looks different for every student.”

– John Sheridan ’76
The Steele Center reminds me of a college campus and provides a safe environment for students to come together to socialize, study and express themselves in who they are and what they want to do.”

– Bernie Sauer ’97, Girls Division Music Teacher

Seven years have passed since the launch of the FOUNDATIONS FOR EXCELLENCE campaign and three years since the ribbon cutting of the Steele Center; yet the transformational impact of the campaign reflected in the Raider experience today is stronger than ever. From hiring and retaining the best faculty, to growing the number of students served by financial aid, to creating a place at the heart of the campus where students gather to learn, perform, eat and build community, the mission of Regis Jesuit continues to thrive because of our community’s commitment to imagine the best future possible for our students. Thank you to the more than 1400 donors who joined together to raise $20,711,000 for FOUNDATIONS FOR EXCELLENCE. We are grateful to our donors who have completed their pledges and look forward to donor support from those who are still fulfilling their commitments to ensure that every student benefits from the transformative legacy of FOUNDATIONS FOR EXCELLENCE.

During the 2016-17 fiscal year, $631,000 was realized by the school in planned gifts and six individuals joined the St. John Francis Regis Legacy Society by Designating Regis Jesuit High School as a beneficiary in their wills or estate plans. These new donors join the existing members of the Society and help ensure the long-term viability of the school. If you have included Regis Jesuit in your will/estate plans, but have not previously informed the school, please let us know. Per your wishes and intentions, we would like to recognize you!

“We decided to leave RJ in our will to help ensure the future of the Regis Jesuit mission. We had four sons graduate, two from each campus and we are very happy to see the traditions carry forward for the benefit of other students. Regis Jesuit’s commitment to service instills in its students good citizenship, a caring attitude and community involvement.”

– Bud & Alice Laber, Parents of Kent ’85, Michael ’86, Joseph ’94 and Mark ’98
ENDOWED SCHOLARSHIPS

Endowed scholarships at Regis Jesuit High School help provide scholarship assistance to talented students with financial need. The donors of these scholarships have made a significant investment to our endowment ensuring future generations of Raiders can attend and benefit from a Regis Jesuit education. A named endowed scholarship requires a minimum contribution of $100,000 over five years. Once the fund is established, Regis Jesuit takes out 4% of the three-year rolling average of the fund to award each year. For the 2016-17 school year, the annual distribution of endowed scholarships for financial aid was $453,375.

“I am so thankful for the financial aid my family has received which has allowed me to take advantage of diverse curriculum opportunities that will shape my future.”

– Theresa Nelson ’18
Financial Aid Scholarship Recipient
The Schmidt family holds the value of service to others close to their hearts and foundational to their entrepreneurial spirit. This core value drew John and Angela Schmidt to Regis Jesuit not only for the education of their sons, John ’14 and Michael ’18, but for their family’s philanthropic inspiration. “Many years ago, our family, through much thought and prayer, decided to focus our philanthropic mission on education,” recalled John. “Regis Jesuit inspires us in so many ways, but one thing that always stands out for us is service to others.”

John’s parents emigrated from Eastern Europe to Denver following WWII with the help of the Catholic Church and Catholic Charities. “The RJ community is an extension of our Catholic community, which has been so generous to our family. This life-changing opportunity gave my parents a foundation that, through a strong work ethic, faith and service, our family’s future and success was built on,” said John.

Being engaged at Regis Jesuit gives John and Angela an opportunity to pay it forward, ensuring that a values-based education and unparalleled campus experience remain accessible to families and provide the foundation for students to be whoever they want to be. “It’s about balance and looking to the future to build a well-rounded, student experience that allows our kids to pursue their passions and discover meaningful lives of leadership and service,” said John.

John currently serves on Regis Jesuit’s Board of Trustees and is Chair of the Planning and Major Projects Committee. “To be given an opportunity to assist in the planning of an institution that has been around for 140 years is somewhat intimidating,” reports John. “It is my honor to be able to work with dedicated staff and volunteers who are determined to make the best decisions possible to envision a future campus that serves all academic, spiritual, athletic, artistic and administrative needs.”

For John and Angela, investing in the mission of Regis Jesuit is not only a natural fit, but one that continues to honor and inspire their family’s legacy. “If you believe in the mission, if you believe in the work that forms these wonderful men and women that hold our future, then you believe in ensuring Regis Jesuit’s future,” said John.

As Regis Jesuit plans for the future, the recent purchase of 18 acres located southeast of campus provide an exciting opportunity for the renewal and innovation of athletic and science, technology, engineering, arts and mathematics (STEAM) facilities. For 140 years, every Regis Jesuit student and family has benefited from the capital investments of those who came before us. Regis Jesuit is most grateful to parents and philanthropists like the Schmidt family, who feel called to ensure that the school can continue its vital mission of developing well-rounded men and women of competence, conscience and compassion who will be of service in the world and contribute generously to the greater glory of God.

“IT’S ABOUT BALANCE AND LOOKING TO THE FUTURE TO BUILD A WELL-ROUNDED, STUDENT EXPERIENCE THAT Allows our kids TO PURSUE THEIR PASSIONS AND DISCOVER MEANINGFUL LIVES OF LEADERSHIP AND SERVICE.”

– John Schmidt

As 2017 closes, the future is bright for Regis Jesuit High School. The Regis Jesuit mission is alive and well as witnessed by the efforts of faculty, staff, coaches and students in their daily pursuits. Our message continues to resonate with the community as witnessed by our strong and steady enrollment. Our financial position is sound and is strengthened by our growing endowment ($15 million), and a continued focus on excellence without excess. In addition, our long-term stability is ensured as the Jesuits, Board of Trustees and the Management Team plan for the future.

The Board of Trustees continues to focus on the implementation of the school's strategic plan. The rollout of a more robust STEAM program continues. We have completed the purchase of 18 acres of property adjacent to the campus. We are refreshing our campus master plan with the additional land and next 10-20 years of the school in mind. Our Audit and Finance Committee completed a restructuring of our school debt, gaining both a longer payoff period and a lower interest rate in the process. And we have engaged in a rigorous Ignatian discernment process to re-imagine the school’s organizational structure with an eye toward maintaining our commitment to single gender education, but with more effective outcomes for students, parents, faculty and staff. This is critical and complex work, and as such, has involved a cross-section of our community. As the school year unfolds, expect to hear more exciting information on these initiatives and others.

The long-term success of Regis Jesuit is assured by many including those who have generously agreed to serve as members of the Board of Trustees. I would like to welcome our new Trustees as of the beginning of the school year: Fr. Jim Goeke, SJ and Dr. Kristin Ross Cully. The experience, wisdom and passion each Trustee brings to this institution is extraordinary, and I am grateful to each of them for their ongoing leadership.

As an alum, parent of five graduates and now grandparent of two potential future Raiders of the classes of 2036 and 2037, I believe RJ continues to evolve and improve and has unlimited potential. Envisioning the current co-divisional model as a freshly-minted graduate in 1980 would have been impossible for me. It has taken great dedication, vision and courage from many over the years to help the school journey to where we are today. While it is exciting to experience the success of RJ as we invoke in the spirit of the magis, it is important to remember that we will never be done searching for ways to improve.

Thank you for your dedication and generosity to the mission of Regis Jesuit High School in our ongoing pursuit of the magis.

AMDG,

Eugene A. ‘Tony’ Naes, Jr. ’80
Chair, Board of Trustees

Regis Jesuit takes seriously its responsibility to earn and maintain the trust of our donors. More than 90 percent of revenue to the school directly benefits program and instruction. A positive change in net assets for the 2016-17 fiscal year is a result of over-subscribed enrollment, strong market gains, conservative budgeting and includes a portion of restricted gifts.

2017-18 BOARD OF TRUSTEES ADVISORY COMMITTEES

To help facilitate the decision-making process of the Board of Trustees, these subcommittees advise the Board on various focus areas identified from the priorities of the school’s Strategic Plan. Regis Jesuit is grateful to these individuals for their time, dedication and expertise.
This report honors those individuals and organizations who made contributions to Regis Jesuit High School between July 1, 2016 and June 30, 2017. If your gift was omitted or improperly recognized, please accept our sincere apology. If you do notice such an oversight, please contact the Advancement Office at 303.269.8120 so that we may correct our records.
Light the Way for Regis Jesuit!

Gifts to the **Inspire & Ignite Fund** are used exclusively to advance the strategic vision of the school that is inspired by a commitment to imagine wholeheartedly the best student experience for today, tomorrow and forever.

Your participation is important in this community-wide effort. Every gift, no matter the amount, makes an impact!
